GENERAL BACKGROUND

ABOUT TEL AVIV UNIVERSITY

Tel Aviv University (TAU) is Israel's largest academic institution. Its faculty includes nationally and internationally renowned scholars and scientists, many of whom are leaders in their fields. TAU is a major center of teaching and research and is composed of nine faculties, 106 departments, and 90 research institutes. There are currently approximately 30,000 students studying at the University in various degree programs.

TAU was founded in 1956 when three smaller education units - the Tel Aviv School of Law and Economics, the Institute of Natural Sciences, and the Institute of Jewish Studies - joined together to form a comprehensive university.

Today, TAU offers an extensive range of degrees in the arts and sciences, within its Faculties of Engineering, Exact Sciences, Life Sciences, Medicine, Humanities, Law, Social Sciences, Arts, and Management. The original 170-acre campus has been expanded to include an additional 50-acre tract, now being developed.

ACCREDITATION

In Israel, Tel Aviv University is accredited by the Department of Education and the Council for Higher Education. The University maintains study-abroad agreements with many top academic institutions in the United States.

HOUSING

Looking for housing in Tel Aviv can be quite challenging and time consuming. We recommend you opt for temporary housing solutions until you find the most suitable place for you. We will be happy to help accommodate dormitory suites (upon availability) at your request. There are a few options (which will be detailed later on) that include on campus housing (dorms) and off-campus alternatives, such as temporary apartments, hostels, etc.

ON CAMPUS HOUSING

Einstein Dormitories

The Einstein student dormitories are conveniently located within walking distance from the Tel Aviv University campus.

The Einstein dormitory complex has been recently renovated. In general, the dormitories are divided into suites with one or two bedrooms; with an option of living alone in a bedroom or sharing. Each suite has a new kitchen and bathroom, air conditioning, Wi-Fi, and cable TV. Due to the fact that the dorms are new, they are inspected upon move-in and any damage done during students' stay will have to be covered by the students. A self-service laundry is located within the dormitory complex. Additional laundry and cleaning facilities are available in nearby shopping centers.

Prices range, depending on the room option, from approximately 600 USD to 700 USD per month, utilities and municipality tax included. Students who are living in the dorms are expected to sign a contract and pay in advance.

In addition, the Einstein dorms offer studio apartments for singles or couples. The studios are fully furnished, including: linens and towels, Satellite TV, full kitchen and utensils, air-conditioning, wifi, etc. These studios cost 170 NIS (~\$50) per night or 4350 NIS a month (~\$1200), prices also include cleaning services.

Broshim Dormitories

The Broshim dormitories are the new dormitory project intended to house over 1500 TAU students starting next academic year. This BOT project (Build, Operate, and Transfer) is being built and will be operated by the Shikun U-Binui Company. These new dorms will offer new single rooms for our students' convenience at a very high level.

More details will be published towards the start of the academic year.

General Information about On-campus

The following items are not supplied by the University dorms' management: blankets, pillows, towels, kitchen utensils, and household goods. Students may bring their own linens and electrical appliances or choose to buy from an Israeli company that provides these supplies, such as 4-Less or IsraDorm. Please visit their websites at <http://www.4less-llc.com/linensplus.html> and <http://www.hopeiget.com/isradorm> respectively for prices. If you have questions they can be reached toll-free phone at (866) 404-5377. The following quantities of linens are usually sufficient: two blankets, two to four sheets, two pillowcases, one

pillow, and four towels. Please note that beds in the dorms are slightly longer and narrower than American twin beds.

Off-Campus Housing

Most international students who stay for over a semester choose to live in nearby off-campus apartments. Sharing a standard apartment with one or two roommates may cost the same or even less than the cost of the dorms.

If you live in Ramat Aviv, you can walk to TAU. Living in the city center allows you to have access to the beach and the city action. From Tel Aviv, the bus takes anywhere from 20 to 40 minutes to reach the university. The first question to ask yourself when looking for housing is: Do I want to live near the University in Ramat Aviv or in central Tel Aviv? Please refer to the [Map of Tel Aviv](#) at the beginning of this booklet.

Apartment hunting in Tel Aviv can be quite time consuming, and the process might be lengthy. This can be partially explained by the extremely fast-moving market. Students are advised to set time aside specifically for apartment hunting prior to the start of the program. Two to three weeks are recommended for apartment searching.

There are plenty of real estate brokers but expect to pay one month's rent as a finder's fee if you find an apartment through them, plus 17% VAT.

As previously mentioned, students may also want to consider finding a short-term solution, such as short-term rentals or hostels for the first couple of weeks while looking for a permanent apartment.

For more about hostels, see <http://www.hostelsweb.com/cities/telaviv.html> and the following list of short term providers:

Depending on a variety of factors, you should be prepared to pay anywhere from 2500 NIS (living with 1 or 2 roommates) to 3600 NIS (living alone) per month for a partially furnished apartment. The following websites will help you in your search:

- Jaanglo- (English)
- Taanglo - Facebook
- Tanglo –Yahoo group
- Yad2: (Hebrew)- most commonly used (translate on Google Chrome is quite sufficient)
- WinWin: (Hebrew)
- Homeless: (Hebrew)
- Flat Club: (English)
- Craigslist (English)- although very popular for English-Speakers in Israel, use with discretion

Feel free to ask anybody and everybody. This is actually a very effective way of finding housing, jobs, and information in the area. Personal connections go far in Israel, especially since apartments come and go very quickly in the city. We are happy to help, even if it is just to brainstorm ideas about finding what is right for you. Another great resource for apartments and other things is our Tel Aviv University International student HUB Facebook page. You can post questions and see other relevant posts.

When looking for an apartment, we highly recommend clarifying the following issues:

Apartment Details

- Where is the apartment located?
- How big is the apartment in square meters?
- On what floor is the apartment? If it is on the ground floor, are there security bars on the windows?
- What appliances are included in the apartment (many apartments do not include major

appliances such as an oven, stove, or fridge)?

- What furniture is included?
- Is there air conditioning? Heating?
- What else is included in the apartment?
- Is there a roommate? What are your impressions of him/her?

Rent

- What does your rental payment include (va'ad bayit - building maintenance fees? All inclusive - water, gas, electricity, maintenance fees, cable Internet, phone, etc.?)?
- How often is payment due and in what form (12 checks in advance? 6 checks in advance? 1 lump sum? Cash - never pay cash unless you receive a receipt)?

Bills

- How much is arnona (municipality tax) and water every month?
- Is there an electric heater for water (dood chashmal) or is it solar powered (dood shemesh)?
- How much is electricity, on average, per month?
- How much are the va'ad bayit maintenance fees each month?

Signing the Lease

- Can the lease be written in English?
- Is there a need for a guarantor?
- Do they require a lawyer to review the lease? If so, who covers the cost?

The Area (please see map on page 17)

- Make sure to visit the neighborhood during both the day and at night to get a feel for the area. Is it loud at night? Does it feel safe after dark? Is it near a bus route to the University?

For more information regarding the legal aspects of leases, the Student Union offers free legal consulting. To receive this service, please make an appointment to visit their office in the Mitchell building, room 112. Additional information is available on their website:

PERSONAL HEALTH INSURANCE

TAU suggests that students consider carrying private comprehensive health insurance. In the event that a medical need arises that is excluded by the policy - such as a pre-existing condition or prescriptions - your insurance may enable you to recover those costs. Please make sure that you have insurance coverage that is effective throughout Israel if you plan on being in the country before the program begins. If you travel abroad either during or after the program, please ensure that you have insurance coverage that is effective anywhere you intend to travel. If you do travel outside of Israel, make sure you come by the office to get a letter from Tel Aviv University International to show airport security upon returning to Israel.

HEALTH TIPS

As when visiting any foreign country, there are often some adjustments your body will need to make to the new environment. Newcomers to Israel may suffer from an initial sensitivity to tap water, and at the same time should also be acutely aware of the high risk of dehydration, especially during the summer months. Bottled water is recommended for those with sensitive stomachs, especially at the beginning of their stay in Israel.

The sun in Israel is extremely strong, much stronger than in many temperate-climate countries. If you plan on being outside for even 20 minutes, you should wear some form of sun protection. If you will be at the beach all day, you will need to reapply sunscreen regularly. You may want to bring a sufficient supply of your favorite sunscreen, as it may not be available in Israel or may be significantly more expensive. Wearing a hat when out in the sun is highly recommended.

If you are taking prescription medication, you should bring a supply to last the entire time you are in Israel. It is also recommended that you bring a typewritten, generic prescription for your medication, should you need to have it refilled. Since not all medicines in Israel are available under the same brand names as in your country, it is essential that a generic name be provided for reference by a local doctor or pharmacist. In the event that you are sent an additional supply of medication by mail, you may be required to present a prescription to the Israel Customs Office before the medication will be released. Finally, please keep in mind that while many drugs may be purchased over the counter in your home country, they may not be available as such in Israel.

BEFORE YOU LEAVE

TRAVEL DOCUMENTS

Passports

All visitors to Israel must hold a passport that is valid for at least six months from the date they enter the country. In order to enter Israel as a student, you must have a passport that is valid for at least a year from your date of entry into the country. If you do not have a valid passport, apply for one immediately. If you hold an Israeli passport, you are required to present it upon arrival.

Student Visas

Students who do not hold an Israeli passport may want to consult with the Israeli embassy in their home country regarding visa and entry regulations.

- 1) All students should apply for a student visa (A-2) prior to their departure. The A-2 Student Visa is a multiple-entry visa valid for one year, meaning that you may enter Israel an unlimited number of times for a period of one year without securing a new visa. Student visas are renewable after one year both in Israel and abroad. You must apply for an A-2 visa in person at your nearest Israeli consulate. Please note: It is illegal to study in Israel on a tourist visa. The following is a list of papers required for this procedure:
 - a) [Form 10X](http://piba.gov.il/Subject/VisaAndPosition/Documents/MatanAshratKnisa.pdf) <http://piba.gov.il/Subject/VisaAndPosition/Documents/MatanAshratKnisa.pdf>
 - b) Valid passport
 - c) Passport-sized pictures
 - d) Acceptance letter to the program
 - e) Proof of sufficient funds (a bank statement is acceptable)
 - f) Scholarship statements, if relevant (this assists section 5)
 - g) Fee of 350 NIS
- 2) A student visa does not allow you to work in Israel.
- 3) Some students will not be able to enter Israel without receiving a student visa ahead of time because they are not automatically granted tourist visas upon arrival to Israel.
- 4) If for some reason you could not apply for your student visa before leaving your home country, you must take care of it immediately upon arrival in Israel at the Ministry of Interior.
 - a) The following is a list of papers required for this procedure:
 - i) [Form 10X](http://piba.gov.il/Subject/VisaAndPosition/Documents/MatanAshratKnisa.pdf) <http://piba.gov.il/Subject/VisaAndPosition/Documents/MatanAshratKnisa.pdf>
 - ii) Valid passport
 - iii) Passport sized pictures
 - iv) A letter from Tel Aviv University International with the financial statement of your payments
 - v) Proof of sufficient funds (a bank statement is acceptable)
 - vi) Scholarship statements, if relevant (this assists section 5)
 - vii) Fee of NIS 350

Ministry of Interior details:

125 Begin Road, Tel Aviv
Office hours: Monday and Thursday, 08:00 AM - 12:00 PM
Contact person: Vicki Kababgiyan
Go directly to Vicki, who will deal with your student visa.

Families of students do not receive a student and/or work visa. If a spouse of a student wishes to work during their stay in Israel, he/she must find an employer willing to sponsor a work visa.

For any questions regarding visas, please contact Avi Zarakhovsky: 03-6409989/5119 or aviz@tauex.tau.ac.il.

Israeli Born & Returning Israeli Citizens

If you are a returning Israeli citizen or child of a parent with Israeli citizenship, please contact the nearest Israeli Consulate to clarify your legal status in advance of entering the country. Israeli citizens or children of Israeli citizens should check their status regarding military service and might want to apply for exemption through their nearest Israeli consulate before arrival in Israel.

PACKING ESSENTIALS

Clothing

On-campus dress is fairly casual. Most students attend classes and campus events in jeans and T-shirts. Women may want to bring modest attire (skirts or dresses that cover the shoulders and knees) for visits to religious sites in Israel. Both women and men should plan to bring semi-formal attire for professional meetings and networking, special occasions and nights out. As dry cleaning is relatively expensive in Israel, please bring clothes that can be easily cleaned.

Most of the year is warm or even hot. During the hot summer months, the traditional casual dress code becomes even more relaxed-if you are sensitive to air conditioning, make sure to pack a few sweaters or a shawl. In the winter, warm clothing is necessary, as many buildings are neither centrally heated nor well insulated. From December until March, the weather can be rainy, damp, and cold.

For organized trips, as well as your own sightseeing, a pair of good walking shoes is a must.

Cosmetics and Toiletries

Cosmetics, toiletries, and other personal supplies are readily found in Israel, although they might be more expensive than in your hometown, and specific brands are not always available.

Medication

If you are taking a prescribed medication, you should bring a supply to last the duration of your time in Israel. It is also recommended that you bring a typewritten, generic prescription for your medication should you need to have it refilled. Since some American medication might not be available in the same brand names in Israel, it is essential that a generic name be provided for reference by a local doctor or pharmacist. Also, in the event that you are sent an additional supply of medication by mail, you will be required to present a prescription to the Israeli Customs Office before the medication will be released.

Please see the 'Health insurance' section for information regarding obtaining prescription medication in Israel.

Electrical Appliances

Electrical appliances should be kept to an absolute minimum. Because of Israeli customs restrictions, a limit on electrical appliances is advisable. The electrical current in Israel is 220 volts, 50 cycles. You may be able to bring a transformer for certain appliances, such as a hair dryer. Some appliances cannot be converted. Be sure to check with an authorized electronics dealer for detailed information.

FLIGHT AND ARRIVAL

Baggage Information

Please contact your airline operator regarding baggage regulations.

Experience has shown that it is best to take your belongings with you and to check them on the flight. It is not recommended to ship luggage to Israel for your program as incoming goods may be taxed if they are shipped. This is the case even if they are your own personal items and even if they are used. Further problems may arise, as there is no way to know exactly how long your shipment will take to arrive. In addition, packages shipped by sea will arrive at the Port of Haifa, which is more than an hour away from Tel Aviv. You will have to get to Haifa, take the shipment through customs, declare all items, and then transport your luggage from Haifa to your apartment. Former participants have said that if you have an extra piece of luggage, you are bringing too much. However, if you must, it is worthwhile to avoid shipping and pay the extra charge for each additional piece of luggage taken on your flight.

Arrival

At Israel's Ben Gurion International Airport (known by its Hebrew acronym 'Natbag'), your first step is passport control. Please note that passport control might take some time depending on how busy the airport is and how many questions the officers have for you. Come prepared with relevant documentation from TAU to show the inspectors. Make sure that you have made arrangements for housing, to meet with friends or family, or to stay in a youth hostel when you arrive.

Upon your arrival at Ben Gurion Airport, there are two main ways to get to Tel Aviv:

- **Train:** From the arrivals hall, follow the signs to the train station, which is located just outside the main doors of the airport terminal. Train tickets can be purchased from automated ticket machines. The train from inside the airport terminal has four stops in Tel Aviv. You may need to take a taxi or bus from the station to your final destination. The train also goes to Haifa, Jerusalem, and many other cities in Israel. Take into account that if you arrive on Saturday, there is very limited train service. In general, trains run up to an hour before sundown on Friday, and resume running on Saturday night approximately an hour after sunset. For information on schedules and fares, call Israel Railways Information Service at 03-6117000 or *5770 from any cellular phone in Israel. You can also look up schedules on the Israel Railways website: <http://www.rail.co.il/EN/Pages/HomePage.aspx>
- **Taxis:** Just outside the arrivals hall is the taxi queue. There is a flat fare for Tel Aviv of approximately 120-130 NIS (the price will be higher on Friday night or Saturday). If you ask a taxi driver to turn the meter on, s/he is required by law to do so; if s/he claims the meter is broken, get a new taxi. Only accept taxi service from those in the designated queue outside of the arrivals hall at the airport. Taxi drivers do not expect to be tipped. In addition, there are shared taxis, called a monit shirut, which go to Haifa and Jerusalem. They usually cost around NIS 70.

For general information on transportation to and from Ben Gurion Airport go to:

<http://www.iaa.gov.il/Rashat/en-US/Airports/BenGurion/InformationforTravelers/TransportationToandFromtheAirport/>

Please do not carry your luggage to the university. Students staying in the dormitories must arrange entry by contacting Jenia Gilgulin (+972-52-6000570), who will arrange for someone to meet you at the dormitory entrance.

SAFETY AND SECURITY

The safety of our students is our highest priority. Like all public institutions in Israel, Tel Aviv University employs a network of security personnel covering all campus entrances and patrolling throughout the campus and dormitory complex 24 hours a day. Students should be prepared to show student cards or another picture ID and submit bags for search.

The University's Security Department maintains close contact with government security agencies. The international student population is regularly updated regarding security matters and receives copies of all relevant official communications. Specific security information will be given at the student orientation.

Additionally, foreign citizens are advised to register with their local embassy. This can be done either in person, or online, in many cases.

Finally, students are advised to carry some form of government-issued photo identification at all times. International students may want to also carry a photocopy of the first page of their passport.

CAMPUS LIFE

TEL AVIV UNIVERSITY CAMPUS

Situated in the heart of Israel's coastal region, Tel Aviv University resides on a spacious 220 acre campus. Located in suburban Ramat Aviv, just north of the city, the University is minutes away from downtown Tel Aviv. Tel Aviv University's proximity to the cultural and commercial capital of Israel allows students to absorb the best of Israeli society.

GREEN CAMPUS AT TAU

In a milestone for environmentalism at TAU, the university was accredited in 2011 as a "green campus" by the Israeli government, in recognition of its efforts to create a more sustainable institution. The accreditation is awarded to Israeli universities that implement programs in three key areas: academic degrees and courses in environmental studies (given by the Porter School of Environmental Studies), heightened resource efficiency through recycling and reduction of electricity and water use, and community-related projects that strengthen environmental awareness both on campus and off. Among the green innovations at TAU are more energy efficient lighting, the "Nature Campus" educational initiative, stands for the city of Tel Aviv's new bicycle rental system, and a comprehensive plan for campus bicycle paths.

TAU's support for sustainable projects on campus is further underscored by the Porter School of Environmental Studies' new EcoBuilding. The EcoBuilding is designed to meet the highest standards of green building, and will demonstrate innovative environmental technologies.

LIBRARIES

As a Tel Aviv University student, you will have access to all of the University's general and professional libraries. A complete list of on-campus libraries is available at: <http://www.tau.ac.il/libraries-eng.html>.

The Bender-Moss social science library will be open 24 hrs. a day during the exam period.

THE STUDENT UNION

The Student Union is one of the most active bodies on campus, and offers all its services in both Hebrew and English. Services to students include, but are not limited to, private tutoring, legal support, extracurricular activities, and more.

COMMUNICATION

Post Office

There is a post office located just outside the main gate of the University on Levanon Street, across from the main entrance to the University. There are many services and products offered, including postage stamps, phone cards, fax services, money exchange (with better rates than at the bank), and money orders via Western Union. You can even get a credit card and pay most of your bills there.

For more information about Israel's Postal Services go to: <http://www.israelpost.co.il/>

You should allow at least ten days for a letter mailed from Tel Aviv via standard airmail to be delivered in New York. Delivery to other points in the United States may take longer. Mind this gap in time when you send a letter home and vice versa. For reduced delivery time, mail may be sent by Special Delivery Air Mail from the United States or by Express Mail from Israel at an additional charge. Packages may be sent by air or surface mail, the latter taking up to several months for delivery. Packages sent by mail may be subject to duty charges.

For students living in the dormitories, mail that is sent to the university is delivered to a central mailbox outside of the Tel Aviv University International Office. It is recommended to periodically check this box for your mail and messages.

Mail should be addressed to:

Your Name

Tel Aviv University
Carter Building, Room 108
Ramat Aviv, Tel Aviv 69978
ISRAEL

Time Zone

Israel's time zone is UTC + 2. Israel follows Daylight Saving Time, but has a slightly different changeover schedule than Europe and North America. For the exact time in Israel click http://www.worldtimeserver.com/current_time_in%20%20%20IL.aspx.

Israel is seven hours ahead of Eastern Standard Time (for example, when it is 4:00 a.m. in New York, it is 11:00 a.m. in Tel Aviv). Keep in mind that Israel follows a slightly different changeover schedule for daylight savings time.

Telephone Services

In Israel, there are several service providers for mobile phones, such as: Cellcom, Orange, Pelephone, Hot Mobile, Golan Telecom, etc. This is a very competitive market and it is recommended to check several companies for service plans. Also, ask your Israeli colleagues and friends for recommendations. Please note that Israeli law forbids signing long-term commitments with communication service providers.

Tel Aviv University has arranged for international students to receive a rent-free cell phone through IsraelPhones for short-term plans. We recommend that all students carry these phones for their convenience and safety. To sign up for your phone or for a complete list of benefits, go to <http://www.israelphones.com/tau.htm>. If you choose this option, you will be charged a **fully refundable \$175 deposit** to ensure that your mobile phone is returned. For a complete list of benefits for both students and parents, please refer to the above webpage.

International Calls

Since the international telecommunications market in Israel was opened to competition, rates on international calls dialed directly from Israel are often cheaper than from the opposite direction. To make an overseas call, dial one of the following 3-digit codes before your country code and area code: 012 (Smile), 013 (Netvision-Barak), or 014 (Bezeq International). If you are coming to Israel from the United States or Canada, you may want to purchase Vonage or MagicJack to make long-distance calls. In addition, using Skype from a computer is always an option.

Internet Access

Wireless internet is available in most places on campus, including cafeterias. In addition, all libraries have designated computer labs for students. The rooms in Einstein dorm are wired. All the computers used at Tel Aviv University are PC compatible. If you decide to bring your own laptop computer please make sure that it is compatible to 220 volts.

The university's free wireless network is called "free-tau" and the password is "free-tau".

ELITE SPORTS CENTER

The Elite Sports Center (<http://www.sports-center.co.il/>) serves as the venue for all regular university physical education courses, as well as competitive intercollegiate and Israeli league activities in a variety of sports. Facilities include an Olympic-size swimming pool, lighted tennis courts, a basketball court, a track, and a soccer stadium. The Goldreich Multipurpose Sports building houses fitness and weight rooms, squash courts, and a gymnastics hall. You may purchase a sports pass entitling you to the use of all sports facilities and activities during your stay in Tel Aviv. Separate passes must be purchased for the use of tennis and squash courts.

For membership, please fill out the medical [form](#).

VOLUNTEER AND INTERNSHIP OPPORTUNITIES

Students interested in volunteer and internship opportunities should meet with the social counselors in the Tel Aviv University International office. Internships are not available for credit and are unpaid unless special arrangements have been made.

In addition, there is a wide variety of opportunities to volunteer in Israel in many different fields and contexts. The Student Union also offers volunteer opportunities. Our staff will update you regarding the latest positions available throughout the academic year.

HILLEL

Hillel, the Foundation for Jewish Life on Campus, is a student-run organization that provides a variety of programming on college campuses around the world. Throughout the school year, TAU Hillel offers events in English and Hebrew that are open to all regardless of religion or nationality. For more information regarding Hillel, go to <http://www.hilleltau.org.il/90826/how-is-hillel->

RELIGIOUS HOLIDAYS

It is the policy of the University to respect all religious beliefs. No student will be penalized for absence due to religious observance, and alternative arrangements will be sought to satisfy the academic requirements involved. Please consult your program's coordinator regarding any questions or issues you might have. For national and religious observance holidays, please refer to our academic calendar.

On page 38 you can find explanations about the major holidays celebrated in Israel.

CRISIS SERVICES

In the event that discrimination, harassment, or other conflicts arise, please contact the Tel Aviv University International office located in the Carter Building on campus. In addition, a student services hotline has been established to handle psychological counseling and crises. This hotline runs from 6:00 p.m. until 10:00 p.m. nightly.
Phone: 03-640-5352

Psychological services in English are available for international students. To make an appointment, please contact Ms. Lena Arbiv, secretary of the University's psychological services, 03-6408505 or clinic@post.tau.ac.il. Their offices are located in the Mitchell Building, room 216. Psychological services are strictly confidential by law. Office hours are Sundays-Thursdays from 8:30 a.m. to 2:30 p.m.

Once contacting the psychological services and completing the initial process, you can contact directly the psychologist: Dr. Alexandra Rafaeli to arrange an appointment: 052-6710409, alexandra.rafaeli@gmail.com.

The meetings will take place in the Carter Building, Room 303.

The fees for psychological consultation and counseling are as follows:

- | | |
|---|-------------|
| • Initial consultation session | 150 shekels |
| • Second and further psychotherapy sessions | 150 shekels |
| • First Psychiatric consultation | 205 shekels |
| • Further Psychiatric consultations * | 150 shekels |

*Students can receive continued psychiatric consultation, but only concurrently with psychotherapy.

Confidentiality and privacy: The content of psychological and psychiatric appointments is absolutely confidential. No information whatsoever regarding students is divulged to any University officials, nor to any other institution. Only if the student signs a waiver authorizing release of information can any information be divulged.

FOOD AND LIVING EXPENSES

Tel Aviv is a relatively expensive city, but it is also possible to economize. Plan to spend up to 1,200 USD per month for food, independent travel, and incidental expenses. Allow about twice as much for the first month to cover initial purchases. Of course, the amount spent varies per person (you can purchase discounted supermarket vouchers).

There is no inclusive meal plan at Tel Aviv University. There are several supermarkets nearby, as well as shops that sell prepared foods. University subsidized cafeterias on campus serve excellent kosher meals at very reasonable prices. There are plenty of restaurants and cafés in close proximity to the campus.

Some of the larger grocery store chains in Israel are Supersol (also known as Shufersal), Mega, and Tiv Ta'am. Supersol and Mega are closed on the Sabbath (Saturdays), and everything in the stores is kosher. Tiv Ta'am, on the other hand, sells non-kosher products and is open on Saturdays.

Also open on Saturdays is AM:PM, which is a grocery chain that sells fresh produce and most staple groceries. As the name suggests, AM:PM is also open all night long.

The two main health food chains are Teva Kastel (many locations throughout the city) and Eden (in Gan Ha'ir shopping center - Ibn Gvirol Street at the corner of Hadassa Street). Many international products are also available at these stores. If you are looking for marmite, sushi rice, curry, or root beer, this store is for you!

Another great way to shop is by visiting the outdoor markets. Carmel Market, located at the intersection of King George, Allenby, and Sheinkin Streets, is a great place to get anything you might ever need. Beyond food, the market also has shops that sell flowers, hardware, clothes, and many other items.

There are many free cultural events and the beach is free, but concerts, designer shops, and eating out can add up. The cost of living will therefore very much depends on you. We suggest that you consider adopting the eating habits of Israelis - fruit and vegetables are relatively inexpensive and readily available. Chicken is the most popular meat, as beef is costly and features less prominently in the Israeli diet.

On Campus Food

In each building there is a nice Cafeteria- go and explore your culinary choices! Here are some options:

- Aroma- Coffee shop in the Diaspora museum. (near Tel Aviv University International offices)
- Food court- In Sharet building (McDonalds, Salads)
- KaKao- Coffee shop, Hummus and snacks. In law faculty, across from the Sharet building.

- Webb Building- Branch of Sbarro, meat dishes, sandwiches, salads, snacks, etc
- King George: variety of dishes, low prices! right outside of TAU's main gate. To reserve, call: 03-5290202

School and Office Supplies

An office supplies store is conveniently located at the main entrance of Tel Aviv University and sells most of the necessary supplies you will need for your academic studies. You will find everything from pens and notebooks to printers and USB memory sticks/flash drives. Students with a photo student ID receive a discount. In addition there is a store located in the Ramat Aviv mall as well as all over Tel Aviv.

LIFE IN TEL AVIV

ABOUT TEL AVIV

Tel Aviv celebrated its centennial in 2009, having been founded during the Ottoman Empire's reign in 1909. The first modern Hebrew-speaking city, the name Tel Aviv is derived from the Hebrew word *Tel*, an archaeological term for an area where the strata of old cities are laid atop of one another, and the word *Aviv*, which means spring. The name is meant to represent rebirth.

Just south of Tel Aviv is the city of Jaffa - a city whose foundations date farther back than those of Jerusalem, and hosts the oldest operating port in the world. In the early 1900s, a group of Jewish residents chose to leave the city of Jaffa in order to establish a new neighborhood just outside the city's borders. This area became the first neighborhood of Tel Aviv.

With the influx of Jewish immigrants from Europe in 1924-1939, Tel Aviv became Israel's major center of commerce, culture, and arts. In 1950, Tel Aviv and Jaffa merged to form one municipality, known today as Tel Aviv-Yafo.

The Tel Aviv of today has maintained its distinction as the cultural and economic hub of the country. The city boasts a plethora of restaurants, beaches, museums, movie theaters, outdoor cafés, markets, boutique shops, bars, and clubs. This combination has attracted the nation's youth and young professional crowd in droves, thus earning the reputation as Israel's city that never sleeps and a major tourist destination along the Mediterranean coast.

Tel Aviv and the surrounding areas (known as *Gush Dan*) comprise approximately 2.5 million citizens, which is about one third of Israel's population. While the actual population within the city's limits is around 350,000, over one million people commute to Tel Aviv each day.

We hope you enjoy living in this exciting city during your year of study and encourage you to get out of the classroom and campus as much as possible to discover and enjoy your new home. Below are a number of websites about life in Tel Aviv:

TRANSPORTATION

It is very easy to travel within Tel Aviv by bus, foot, or bicycle, depending on the distance. For example, the ride from the city center to the University is 30 minutes by bus, even though the distance is just a few kilometers. If you live in Ramat Aviv, you can walk to the University. If you live in the city center, it is possible to walk to the beach and ride a bike to almost anywhere in the city. Buying and maintaining a car is very costly, and parking is a very frustrating and expensive endeavor. If you plan to go out at night, your best bet is to take a taxi.

General information on buses: www.bus.co.il/en, Tel. 1-900-72-1111

Please note that most public transport in Israel stops on Shabbat; Intercity sherut taxis continue to operate.

'Rav-Kav' is a rechargeable electronic bus and train card at reduced student prices. Please check which 'Rav-Kav' student profile suits you best. 'Studan' is a semester/year program that can be worthwhile if you use it daily. You can also get a regular Rav Kav with 30% student discount.

To issue the card, please bring your student card and an approval from TAU (get it in our office), to the Arlozorov Bus Station or the Central Bus Station (7th floor), Sun-Thu 8am-6pm, Fri 8am-1pm. During the 1st week of the semester, you can get it at the Student Union tent on TAU Campus.

BANKING

We advise our students to avoid traveling to Israel with large sums of money, but you may want to have a small amount of cash for your first days. Do not open a bank account in a U.S. branch of an Israeli bank since Israeli branches do not have information about accounts opened abroad.

Opening an Israeli bank account: The main banks in Israel are Leumi, Hapoalim, and Discount (all have branches conveniently close to campus). Some international students choose to open an Israeli bank account. There is a student-friendly branch of the Israel Discount Bank on campus, which will allow you to open an account using a personal check, travelers' checks, and/or cash. Certain services, such as depositing checks, can only be done at the same branch at which you opened your account, but withdrawing money from an ATM can be done from any bank. American citizens must report their Israeli bank account in their annual income tax filing, regardless of its duration and total sum. As a post-doc student, you are entitled to open a student account which will save you a lot of fees.

- Since you do not have Israeli ID, the bank clerk, when opening an account, will randomly assign you a fake ID number. Please make sure you write down this number. You will need it for future services provided by the bank.

ATM CARDS:

The easiest way to have immediate access to your money from your account in the United States is with an ATM card. We strongly suggest that you arrange for an ATM card from your local bank along with a 4-digit PIN number (personal identification number), and that you make sure it can be used in Israel. Please be aware that you will not be able to use a debit card that does not have a credit card logo. Therefore, you should make sure that your bank card is both a debit card and a credit card even if you will not use it as such. We do not advise relying exclusively on ATMs as your only source of cash, due to potentially high transaction fees per each withdrawal.

Credit cards:

The most popular credit card in Israel is Visa. MasterCard and American Express are also widely accepted. Most businesses accept these cards for goods and services, and banks offer cash advances. Transactions are then billed to an account back home.

LIFE IN ISRAEL

JEWISH AND NATIONAL HOLIDAYS

All holidays in Israel begin at sundown on the previous day and their precise dates on the Gregorian calendar change from year to year. The High Holidays (Rosh Hashanah and Yom Kippur) will take place in mid to late September. Sukkot follows in the beginning of October. Other main Jewish holidays include Hanukkah, Purim, Passover, and Shavuot. There are also a number national civil holidays celebrated in Israel including Holocaust Memorial Day, Memorial Day for Fallen Soldiers and Victims of Terror, and Independence Day. More details about these special days are provided below. Both Hillel and the Buddy System provide holiday-related programming throughout the academic year, and international students will be notified of all.

Rosh Hashanah - The holiday represents the beginning of the Jewish year and civil calendar; its name in Hebrew means “The Head (beginning) of the Year.” The holiday is a time when people look back at the occurrences of the past year and think about how they plan to make changes in the upcoming year. Families gather to share a large festive holiday meal.

Yom Kippur - The most solemn day of the Jewish calendar, Yom Kippur occurs 10 days after Rosh Hashanah. This “Day of Atonement” is a fast day, and is usually observed by attending synagogue to repent and ask forgiveness. It is said that on Rosh Hashanah, God writes the judgment of every person in the “Book of Life” and on Yom Kippur, the book is signed and sealed. Thus, the ten days between the two holidays is a time to ask forgiveness from others. Please note that most of the country literally closes down during Yom Kippur, including transportation.

Sukkot - Translated as “The Feast of the Tabernacles,” Sukkot is both a religious and agricultural holiday. The holiday commemorates the forty years that the people of Israel wandered the desert after the exodus from Egypt. The holiday is also a celebration of the harvest season in the region. During the holiday, families erect huts (*sukkot*) outside their homes, in which they sit to eat their meals and even sleep at night. In order for a hut to be 'kosher', its occupants must be able to see stars through the roof of the structure.

Hanukkah - Known as “The Festival of Lights,” Hanukkah tells the story of assimilation, suppression, and the fight to maintain the Jewish faith in the face of secularizing Hellenism. During the holiday Jewish people light an eight-pronged candelabrum to symbolize the eight days that the oil burned in the Temple after it was reclaimed from the Hellenists. The connection with oil extends also to the food that is customary to eat during the holiday - jelly-filled donuts and *latkes* (potato pancakes).

Tu B'Shvat - The “New Year for the Trees” is celebrated by planting trees in Israel and eating different kinds of dried fruit and nuts. The holiday is another agricultural holiday that has its roots in the "Mishna"

(rabbinical commentary on Jewish law).

Purim - Purim or “Lots” commemorates the time in which Jewish people living in Persia were saved from extermination at the hands of Haman, the king’s advisor. On this holiday, the Scroll of Esther is read twice, small gift packages of goodies are sent to friends, and people dress up in costume and celebrate.

Passover - Commemorating the exodus from Egypt, this holiday is observed in a number of ways. During the first night (or two, depending on location), the story of the flight from Egypt is recited around the dinner table. Throughout the weeklong holiday, there is a very rigid dietary requirement of not eating bread or any other leavened food. In fact, Israeli law prohibits the sale of these items during Passover, so you may choose to stock up in advance.

Holocaust Memorial Day - Starting at sundown, TV broadcasts and radio programs are dedicated to the subject of the *Shoah* (Holocaust in Hebrew). A two-minute air siren goes off at 10:00 the following morning. During the siren people drop whatever they are doing in order to stand in silence and contemplation. Memorial ceremonies are held at the University and main city squares (Rabin Square in Tel Aviv).

Memorial Day for Fallen Soldiers and Victims of Terrorism - One week after Holocaust Memorial Day, Israel commemorates its soldiers who have fallen in battle and the victims of terrorism. A siren is sounded at 8:00 p.m. and again at 11:00 a.m. the following morning. It is customary to stop and stand in silence during the sirens. Local radio and television channels will also broadcast programs commemorating the fallen, as well as events leading to the creation of Israel and its subsequent wars. Ceremonies are held both on campus and at Rabin Square. Immediately at the conclusion of Memorial Day (*Yom Ha-Zikaron*), Israel’s Independence Day begins.

Israel Independence Day - At the precise moment that Memorial Day ends, Independence Day (*Yom Ha-Atzma’ut*) begins - drawing an inseparable link between fallen soldiers and victims of terrorism and the country’s independence. The mood instantly changes as people celebrate Israel’s independence. Ceremonies are held at night in Rabin Square, and the next day many people celebrate by getting together with friends and family for a barbeque (*mangal* or *al ha’esh* in Hebrew).

Shavuot - This holiday is otherwise known as *Chag Matan Torah*, the holiday to commemorate when the Jewish people received the *Torah* (first five books of the Bible) at Mount Sinai. Shavuot comes 49 days after Passover, and illustrates that while the children of Israel were physically released from bondage on Passover, they were redeemed from idolatry and immorality by receiving the *Torah* on Shavuot. On this holiday, it is customary to eat dairy products, particularly cheesecake, and study *Torah* through the night.

Tisha B’av - Occurring on the 9th day of the Hebrew month of *Av*, this is a day of fasting and mourning

in commemoration of tragedies that have befallen the Jewish people. According to tradition, both the First and Second Temples in Jerusalem were destroyed on this date.

WORKING HOURS IN ISRAEL

The Israeli work week is from Sunday through Thursday, with a few offices also open on Friday mornings. The weekend for most office workers is Friday and Saturday. At Tel Aviv University, courses are held and administrative offices are open from Sunday through Thursday, although some academic activities do occur on Friday mornings. Stores in Israel are generally open from Sunday through Friday afternoon. Some malls and stores also open for Saturday evening shopping.

TOURING AND ACTIVITIES

It is recommended you travel throughout Israel to maximize your experience. For university-organized trips, students need a backpack large enough to carry two changes of clothes, sturdy walking shoes, and a sleeping bag (most youth hostels provide sleeping bags but some do not). Your sleeping bag can also double as an extra blanket in your dorm room during the winter months. If you are an avid hiker, you may want to bring a larger backpack, sleeping bag, hiking boots, a flashlight, and a mess kit.

During your stay in Israel, there will be many opportunities for personal travel. You may wish to visit sites in Israel that are not included in the university organized tours or return to those that particularly interest you.

While there are no travel restrictions on you by the university, we strongly urge you to seriously consider the potential dangers inherent in visiting countries with which Israel does not have diplomatic relations. Entry to and exit from these countries is not always easy, and TAU is not responsible for you should you decide to undertake such a trip. Additionally, TAU is not liable for any independent travel undertaken in the West Bank and the Gaza Strip.

We will be more than happy to assist you with suggested trips and places to visit. We will also be regularly updating you on the exciting events happening in and around the Tel Aviv area such as festivals, film events, conferences, and exhibitions.
